*The **Ultimate Stair Tread** system
is manufactured exclusively
by Signature Stairs in our
Chambersburg, PA facility.*

SIGNATURE Wood Crafters

Before

Change your old stairs into a showcase of custom stairs at a fraction of the cost, with our exclusive ***Stair ReCrafting***.

BEFORE & AFTER GALLERY

You'll enjoy the beauty of your new hardwood stairs for years to come.

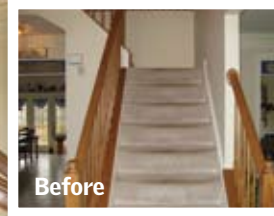

Before:

Carpeted stairs look out of date and are hard to keep clean.

After:

New stairs add class and a clean, high-quality look to your home.

WHAT IS STAIR RECRAFTING™?

Signature WoodCrafters, a division of Signature Companies, can transform your old carpeted stairs into a new, beautiful, solid hardwood stair.

- Carpeted stairs are easily updated with solid hardwood, handcrafted, pre-finished treads and risers.
- *Stair ReCrafting* fits over your existing staircase, keeping your stairs in service during the installation process.
- Save up to two-thirds the cost of a complete replacement and tear-out without the inconvenience and mess.
- Most stair projects are completed with same day installation. Rail replacements can be completed within 2 days.
- 19 standard stain colors are available to choose from to match all the most popular flooring suppliers. An exact match is impossible, but if you cannot find a standard stain to fit your needs, custom stains are available at an additional cost.
- Our solid hardwood treads will last a lifetime and can be resanded and refinished in place, just like hardwood floors when normal wear-and-tear occurs.

WHY STAIR RECRAFTING?

The changes in the housing market has caused many homeowners to remain in their existing homes.

Stair ReCrafting offers an easy cosmetic upgrade that not only adds class, but also value to your home. The Ultimate Stair ReCrafting System saves you time and money by negating the cost and mess of a complete tear-out.

Call us today to make an appointment and join the many customers that have made the transition from tired, carpet-grade stairs to exquisite hardwood stairs & railings, creating a new look to your most valuable investment—your home.

Why Us?
